There are members from more than 150 countries / territories!

ResearcherID is a global, multi-disciplinary scholarly research community. With a unique identifier assigned to each author in ResearcherID, you can eliminate author misidentification and view an author's citation metrics instantly. Search the registry to find collaborators, review publication lists and explore how research is used around the world.

Option 1:

WEB OF KNOWLEDGESM

Search Web of Knowledge

Use this option to search *Web of Knowledge*. Depending on your subscription, this can include articles, books, patents, and more.

Search Web of Science

Use this option to search *Web of Science*. Depending on your subscription, this includes the world's leading scholarly literature in the sciences, social sciences, arts, and humanities and proceedings of international conferences, symposia, seminars, colloquia, workshops, and conventions.

Search Web of Science Distinct Author Sets

Use this option to search *Web of Science* for sets of articles written by the same person.

Option 2:

ENDNOTE[®] WEB

Go to EndNote Web

Use EndNote Web to add articles and manage your ResearcherID publication lists.

Already use EndNote? You can transfer your ResearcherID publication lists between the desktop and web effortlessly. Learn about the additional features available in EndNote to accelerate your research including find full text automatically and access to over 3,700 publishing styles.

Search Online Resources using EndNote Web

With EndNote Web, you can collect references from online resources including PubMed and more.

- [Help / Tutorials](#)
- [Learn more at EndNote.com](#)

Option 3:

Upload RIS File

Upload an RIS file (from EndNote, RefMan or other reference software)

You can upload an RIS formatted text file. The RIS file format is a tagged format for expressing bibliographic citations.

Web of Science - Article Search

Step 1 of 2 : Enter your surname and up to 3 initials (no spaces). * Required Field.

[Search Tips](#)

ResearcherID Badge

The create a ResearcherID badge tool lets visitors to your Web page or blog know that you are a member of ResearcherID.com. The data presented on badge roll-over is dependent on the researcher's privacy settings. [More information.](#)

Step 1. Select a Badge Type.

Select the badge image of your choice. If you are this researcher, you may want to choose the larger badge. If you are a colleague of this researcher, you may want to choose the smaller badge.

Roll-over the badges to see how they work.

Step 2. Click on the "Generate Badge Code" button.

Generate Badge Code

Step 3. Copy the code below.

Copy the code to the clipboard by selecting it (click on the code to select it), right-clicking (Mac control-click), and choose Copy.

```
<span id='badgeCont387371' style='width:126px'><script src='http://labs.researcherid.
```

Step 4. Paste the code into the HTML for your Web page or Blog.

Open the page you want to embed the badge on and paste the code into the HTML.

Request Proxy Access

You can send an e-mail to a researcher at your institution requesting permission to edit/modify his or her ResearcherID information (profile data and publication lists).
[More information and sample email](#)

Enter the ResearcherID number of the researcher you wish to e-mail a proxy request:

Example: A-1000-2004
Hint: If you don't know the person's ResearcherID number, you can either ask them for it or go to ResearcherID.com and search for them.

< Cancel

Send E-mail Request

List of outstanding requests:

This box lists the reseachers for whom you have requested proxy access who have not yet accepted.
Note that our system does not allow you to send a researcher a second request.

A-1004-2008
A-1939-2007
A-3453-2008

 **Edit Researcher Profiles**

The table below lists ResearcherID accounts for which you have proxy access. To edit an account on a researcher's behalf, click on their name to access their account. Use the search options to quickly find a specific researcher in the list.
Note: To see a list of researcher's for which you have requested proxy access but who have not yet accepted, go to the [Request Proxy Access](#) page.
