# OBJECTIUS

3

## PRINCIPALS

- ✓ Crear una aplicació web de referència en el sector del tractament de residus.
- ✓ Unificar les dades (actualment disperses en Internet) en una sola web.

## SECUNDARIS

- ✓ Disseny visual i estètics per a la usabilitat.
- ✓ Aplicació responsiva per a dispositius mòbils.
- ✓ Aplicar els coneixements adquirits durant el grau.

# PÀGINA PRINCIPAL

4

Pàgina principal que pot visualitzar un usuari en accedir al lloc web. Es tracta d'una web SPA (*Single-Page Applitacion*), on tota la informació es carrega en una sola pàgina.

**STREET CLEANING** LOGIN

An Online Data Intelligence Platform to Support the Drive Towards  
**ONGOING COMPLIANCE WITH THE DUTY OF CARE IN THE WASTE SECTOR**

SEARCH FOR A COMPANY NAME  
Type at least 3 characters

**PROBLEM**

Currently, there is a number of public registers distributed across the web in different formats. It is particularly problematic when recoverable waste is shipped across borders for recycling.

**SOLUTION**

A competitive and efficient data intelligence platform to support users to facilitate the legal trade of secondary resources and contribute to fighting waste crime across the UK.

# PÀGINA PRINCIPAL

5

També és possible enviar un formulari per sol·licitar un usuari, els quals poden escollir entre diferents tipus de tarifes.

Segons el tipus d'usuari, tindrà uns permisos per poder visualitzar unes dades o altres.

## DISCLAIMER

The data on companies that is available through Street Cleaning is drawn from many different government and private sources.

Street Cleaning declines any liability over potential errors from the source data yet to be detected. This information is provided "as is", with environmental data obtained directly from the relevant authorities. These relevant authorities are responsible for the regular update and maintenance of the source databases.

Users must be aware that the accuracy of the information is dependent on the information provided by those authorities; therefore Street Cleaning cannot make any promises as to the quality of company data.

Finally, the company check, provided by Street Cleaning on behalf of WideMultimedia, is provided for information only. As such, this should not preclude the users from undertaking their proper duty of care obligations and financial due diligence when trading secondary materials.

Street Cleaning and WideMultimedia take no responsibility for the accuracy of the data presented. If in doubt, the user should contact the relevant authorities.

Use of the data is entirely at the user's own risk.

# CERCA D'EMPRESSES

8

El cercador troba la informació del nom d'empresa indicat tant en la base de dades com en les APIs utilitzades per mostrar tots els resultats a l'usuari en forma de caixes.
